

E-321 MAYER'S MUCIHEMATEIN, MODIFIED

FIXATION: Absolute Alcohol 4-8 hours.

SECTIONS: Paraffin or Celloidin

STAINING:

1. Deparaffinize sections and bring to distilled water.
2. Place on staining rack and rinse several times with distilled water.
3. Place 2 ml of **Mayer's Mucihematein, Modified**, (E-321-1) on each slide. Allow to remain for five minutes. Drain off stain and wash well with distilled water three times for five minutes each.
4. Dehydrate in two changes of 95% alcohol, two changes of absolute alcohol, **Absolute Alcohol, Xylene-(50:50)**, (C-122), and two changes of **Xylene** (C-120).
5. Mount in **Permount** (M-18).

Stain Results:

Mucin	Deep Violet
Cell Nuclei	Pale Gray-Blue
Connective Tissue	Pale gray to colorless
