

Safety Data Sheet

Periodic Acid, Solid

Section 1 - Chemical Product and Company Identification

SDS Name: Periodic Acid, Solid

Catalog Numbers: SO-627

Company Identification: Transene Company, Inc., DBA ROWLEY BIOCHEMICAL, Inc.
10 ELECTRONICS AVENUE
DANVERS, MA 01923

For information, call: 978-739-4883

Emergency Number: 800-424-9300

For CHEMTREC assistance, call: 800-424-9300

Section 2 - Hazards Identification

GHS Classifications

H271-Oxidizing solids

H290-Corrosive to metals: 1

H314-Skin corrosion/irritation: 1A

H318-Serious eye damage/eye irritation: 1

Consists of ingredients of unknown acute toxicity.

Pictograms or Hazard symbols and Hazard statement(s):

Signal Word: Danger

Hazard Statements:

H271-May cause fire or explosion; strong oxidizer

H290-May be corrosive to metals

H314-Causes severe skin burns and eye damage

H318-Causes serious eye damage

Precautionary Statements:

P210-Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

P220-Keep away from clothing and other combustible materials.

P234-Keep only in original packaging.

P260-Do not breathe dusts or mists.

P264-Wash thoroughly after handling.

P280-Wear protective gloves/protective clothing/eye protection/face protection.

P283-Wear fire resistant or flame retardant clothing.

P301+P330+P331-If swallowed: Rinse mouth. Do NOT induce vomiting.

P303+P361+P353-If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.

P304+P340-If inhaled: Remove person to fresh air and keep comfortable for breathing.

P305+P351+P338-If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P306+P360-If on clothing: Rinse immediately contaminated clothing and skin with plenty of water before removing clothes.

P310-Immediately call a Poison Center or doctor/physician.

P363-Wash contaminated clothing before reuse.

P370+P378-In case of fire: Use dry chemical, carbon dioxide, dry sand, water spray, or alcohol-resistant foam to extinguish.

P371+P380+P375-In case of major fire and large quantities: Evacuate area. Fight fire remotely due to the risk of explosion.

P390-Absorb spillage to prevent material damage.

P405-Store locked up.

P406-Store in corrosive resistant/container with a resistant inner liner.

P501-Dispose of contents/container in accordance with local/regional/national/international regulations.

Section 3 - Composition, Information on Ingredients

CAS#	Chemical Name	Percent
10450-60-9	Periodic Acid	≥99

Section 4 - First Aid Measures

Eye Exposure: In case of contact with eyes, flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Seek immediate medical attention.

Dermal Exposure: In case of skin contact, flush with copious amounts of water for at least 15 minutes. Remove contaminated clothing and shoes. Seek medical attention.

Oral Exposure: If swallowed, seek immediate medical advice. Do NOT induce vomiting. Rinse mouth with water. After rinsing, drink water.

Inhalation Exposure: If inhaled, remove to fresh air. Seek immediate medical attention.

Section 5 - Fire Fighting Measures

General Information: As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear. During a fire, irritating gases may be generated by thermal decomposition or combustion.

Extinguishing Media: Use dry chemical, carbon dioxide, dry sand, water spray, or alcohol-resistant foam.

Hazardous Combustion Products: Hydrogen iodide, halogenated compounds, iodine, irritating and toxic fumes and gases.

Flash Point: Not available

Auto ignition Temperature: Not available

Explosion Limits, Lower: Not available

Upper: Not available

NFPA Rating: (estimated) Health: 3; Flammability: 0; Instability: 1 Specific Hazard: OXIDIZER

Note: Causes burns of the eyes, skin, and mucous membranes. Periodic Acid is an oxidizer and is corrosive. Contact with combustible/organic material may cause fire. May ignite combustibles (wood paper, oil, clothing, etc). Attacks many metals producing extremely flammable hydrogen gas which can form explosive mixtures with air.

Section 6 - Accidental Release Measures

Procedure(s) of Personal Precaution(s):

Wear personal protective equipment. Do not ingest or inhale. Do not get on skin or clothing. Do not get in eyes. Ensure adequate ventilation. Avoid dust generation and accumulation.

Methods for Cleaning up: Absorb with sand, earth, or vermiculite. Carefully sweep up and containerize for proper disposal. Avoid dust generation. Do not release to the environment. Do not release to drains.

Section 7 - Handling and Storage

Use care when handling. Wear personal protective equipment. Wash thoroughly after handling. Use only under a chemical fume hood. Do not ingest or inhale. Do not breathe dust. Do not get on skin or clothing. Do not get in eyes. Store in a tightly closed container in a cool, dry, and well-ventilated area. The material is hygroscopic. Protect from air and moisture. Protect from direct sunlight and excess heat. Keep away from combustible materials. Keep away from incompatible materials.

Section 8 - Exposure Controls, Personal Protection

Engineering Controls: Use explosion-proof ventilation equipment. Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower. Use adequate general or local exhaust ventilation to keep airborne concentrations below the permissible exposure limits.

Personal Protective Equipment

Eyes: Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.

Skin: Wear appropriate protective gloves to prevent skin exposure.

Clothing: Wear appropriate protective clothing to prevent skin exposure.

Respirators: A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements or European Standard EN 149 must be followed whenever workplace conditions warrant a respirator's use.

Exposure Limits:

Chemical Name	ACGIH - TLV	NIOSH - IDLH	OSHA - Final PELs
Periodic Acid CAS#10450-60-9	Not listed	Not listed	Not listed

Section 9 - Physical and Chemical Properties

Physical State: Solid

Appearance: White

Odor: Odorless

Vapor Pressure: Not available

Odor Threshold: Not available

Vapor Density: Not available

pH: 1.12-1.33 for 5% Aqueous Solution

Relative Density: Not available

Melting point/freezing point: 122°C (252°F)

Solubility: Soluble in water

Boiling Point: Not available

Flash Point: Not available

Evaporation Rate: Not available

Flammability (solid, gas): Not available

Partition coefficient: n-octanol/water: Not available

Auto-ignition Temperature: Not available

Decomposition Temperature: Not available

Viscosity: Not available

Specific Gravity/Density: 1.4

Section 10 - Stability and Reactivity

Chemical Stability: Stable under recommended conditions of use and storage. Oxidizer: contact with combustible/organic material may cause fire. Corrosive. Hygroscopic.

Conditions to Avoid: Incompatible materials, ignition sources, and excess heat. Direct sunlight. Exposure to moist air or water.

Incompatibilities with Other Materials: Strong oxidizing agents, strong bases, strong reducing agents, organic materials, combustible materials, powdered metals, metals, alkalis, and dimethyl sulfoxide. Note: Attacks many metals producing extremely flammable hydrogen gas which can form explosive mixtures with air.

Hazardous Decomposition Products: Hydrogen iodide, halogenated compounds, iodine, irritating and toxic fumes and gases.

Section 11 - Toxicological Information

CAS#10450-60-9 Periodic Acid:

LD50 Oral: Not available

LD50 Dermal: Not available

LC50 Inhalation: Not available

Carcinogenicity: Periodic Acid CAS#10450-60-9 is not listed by IARC, NTP, ACGIH, OSHA, or California Prop 65.

Information on the likely routes of exposure: Routes of entry anticipated: oral, dermal, inhalation, and eye.

Epidemiology: Not available.

Teratogenicity: Not available.

Reproductive Effects: Not available.

Developmental Effects: Not available.

Neurotoxicity: Not available.

Mutagenicity: Not available.

Specific Target Organ Toxicity, Single Exposure: Not available.

Specific Target Organ Toxicity, Repeated Exposure: Not available.

Symptoms associated with exposure: Corrosive and oxidizing material. Causes serious eye damage including pain, watering, redness. Skin contact causes severe burns which may include pain, irritation, redness, blistering. Ingestion causes burns to the digestive tract and may cause stomach pains, severe swelling, severe damage to the delicate tissue, and possible perforation. Ingestion for prolonged or repeated instances may damage thyroid. Destructive to mucous membranes and respiratory tract. May cause cough, shortness of breath, headache, nausea.

The toxicological properties of this material have not been thoroughly investigated.

Section 12 - Ecological Information

Ecotoxicity: Do not release to the environment. Do not release to drains. Very toxic to aquatic life with long lasting effects.

CAS#10450-60-9 Periodic Acid:

LC50, freshwater fish: <0.17 mg/L 96h semi-static (oncorhynchus mykiss)(rainbow trout)

EC50, water flea: 0.18 mg/L 48h static (daphnia magna)

EC50, algae: 2.5 mg/L (pseudokirchneriella subcapitata)

Persistence and degradability: Not available.

Bio-accumulative potential: Not available.

Mobility: Will likely be mobile in the environment due to its water solubility.

Section 13 - Disposal Considerations

DISPOSAL: Dispose of in accordance with all federal, state, and local regulations.

Section 14 – Transport Information

DOT

Oxidizing Solid, Corrosive, N.O.S. (Periodic Acid)

UN3085

PG II

Hazard Class 5.1 (8)

Section 15 - Regulatory Information

Canada Regulatory Information

WHMIS Classification: This product has been classified in accordance with the hazard criteria of the CPR, and the SDS contains all the information required by the CPR.

Section 16 - Additional Information

SDS Creation Date: 10/15/12

Revision #1. 2/23/15 RC

Revision #2. 6-16-15

Revision #3. 6-28-19

Revision #4. 8-8-19

Revision #5. 12-1-22
