# Safety Data Sheet Sodium Phosphate Dibasic, 1% Aqueous

Section 1 - Chemical Product and Company Identification

 SDS Name: Sodium Phosphate Dibasic, 1% Aqueous
 Catalog Numbers: H-503-3
 Company Identification: Transene Company, Inc., DBA ROWLEY BIOCHEMICAL, Inc. 10 ELECTRONICS AVENUE DANVERS, MA 01923
 For information, call: 978-739-4883
 Emergency Number: 800-424-9300
 For CHEMTREC assistance, call: 800-424-9300

Section 2 - Hazards Identification

# **GHS Classifications**

Based on available data, the GHS classification criteria are not met.

# Pictograms or Hazard symbols and Hazard statement(s):

No GHS Hazard Symbols.

## Hazard statements:

No GHS Hazard Statements.

## **Precautionary Statements:**

No GHS Precautionary Statements.

Section 3 - Composition, Information on Ingredients

CAS#	Chemical Name	Percent
7558-79-4	Sodium Phosphate Dibasic Anhydrous	1.0 w/v
7732-18-5	Water	Balance

## Section 4 - First Aid Measures

**Eye Exposure:** In case of contact with eyes, flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Seek medical attention.

**Dermal Exposure:** In case of skin contact, flush with copious amounts of water for at least 15 minutes. Remove contaminated clothing and shoes. Seek medical attention if symptoms occur.

**Oral Exposure:** If swallowed, rinse mouth with water and drink small quantities of water (stop if the exposed person feels sick as vomiting may be dangerous). Seek medical attention.

**Inhalation Exposure:** If inhaled, remove to fresh air. If breathing becomes difficult, seek medical attention.

Section 5 - Fire Fighting Measures

**General Information:** As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear. During a fire, irritating gases may be generated by thermal decomposition or combustion.

**Extinguishing Media:** Use dry chemical, carbon dioxide, dry sand, water spray, or alcohol-resistant foam.

**Hazardous Combustion Products:** Phosphorous oxides, sodium oxides, irritating fumes and gases.

Flash Point: Not available Autoignition Temperature: Not available Explosion Limits, Lower: Not available Upper: Not available NFPA Rating: (estimated) Health: 1; Flammability: 0; Instability: 0

Section 6 - Accidental Release Measures

#### **Procedure(s) of Personal Precaution(s):**

Wear personal protective equipment. Do not ingest or inhale. Do not get on skin or clothing. Do not get in eyes. Ensure adequate ventilation.

**Methods for Cleaning up:** Absorb with sand, earth, or vermiculite. Carefully sweep up and containerize for proper disposal. Do not release to the environment. Do not release to drains.

Section 7 - Handling and Storage

Use care when handling. Wash thoroughly after handling. Wear personal protective equipment. Ensure adequate ventilation. Do not ingest or inhale. Do not get on skin or clothing. Do not get in eyes. Store in a tightly closed container in a cool, dry, and well-ventilated area. Keep away from incompatible materials.

Section 8 - Exposure Controls, Personal Protection

**Engineering Controls:** Use explosion-proof ventilation equipment. Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower. Use adequate general or local exhaust ventilation to keep airborne concentrations below the permissible exposure limits.

## **Personal Protective Equipment**

**Eyes:** Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.

**Skin:** Wear appropriate protective gloves to prevent skin exposure.

**Clothing:** Wear appropriate protective clothing to prevent skin exposure.

**Respirators:** A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements or European Standard EN 149 must be followed whenever workplace conditions warrant a respirator's use.

#### **Exposure Limits:**

Chemical Name	ACGIH - TLV	NIOSH - IDLH	OSHA - Final PELs
Sodium Phosphate Dibasic Anhydrous CAS#7558-79-4	Not listed	Not listed	Not listed

Section 9 - Physical and Chemical Properties

Physical State: Liquid Appearance: Clear, colorless Odor: Odorless Vapor Pressure: Not available Odor Threshold: Not available Vapor Density: Not available pH: Approx. 9.2 Relative Density: Not available Melting point/freezing point: Not available Solubility: Soluble in water Boiling Point: Not available Flash Point: Not available Evaporation Rate: Not available Flammability (solid, gas): Not available Partition coefficient: n-octanol/water: Not available Autoignition Temperature: Not available Decomposition Temperature: Not available Viscosity: Not available Specific Gravity/Density: Not available

Section 10 - Stability and Reactivity

**Chemical Stability:** Stable under normal temperatures and pressures.

**Conditions to Avoid:** Incompatible products, excess heat.

**Incompatibilities with Other Materials:** Strong oxidizing agents, strong acids, and strong bases.

**Hazardous Decomposition Products:** Phosphorous oxides, sodium oxides, irritating fumes and gases.

Section 11 - Toxicological Information

# CAS#7558-79-4 Sodium Phosphate Dibasic Anhydrous: RTECS#: WC4500000

LD50 Oral: >2000 mg/kg (rat) LD50 Dermal: >2000 mg/kg (rat) LC50 Inhalation: >0.83 mg/L 4h (rat)

**Carcinogenicity:** Sodium Phosphate Dibasic Anhydrous CAS#7558-79-4 is not listed by IARC, NTP, ACGIH, OSHA, or California Prop. 65.

**Information on the likely routes of exposure:** Routes of entry anticipated: oral, dermal, inhalation, and eye.

Epidemiology: Not available.
Teratogenicity: Not available.
Reproductive Effects: Not available.
Developmental Effects: Not available.
Neurotoxicity: Not available.
Mutagenicity: Not mutagenic in micronucleus test (human lymphocytes), in vitro mammalian cell gene mutation test (mouse lymphoma cells), and in vitro chromosome aberration test (human lymphocytes).
Specific Target Organ Toxicity, Single Exposure: Not available.
Specific Target Organ Toxicity, Repeated Exposure: Not available.

**Symptoms associated with exposure:** No specific data available.

The toxicological properties of this material have not been thoroughly investigated.

Section 12 - Ecological Information

**Ecotoxicity:** Do not release to the environment. Do not release to drains.

## CAS#7558-79-4 Sodium Phosphate Dibasic Anhydrous:

LC50, freshwater fish: >100 mg/L 96h semi-static (oncorhynchus mykiss)(rainbow trout) EC50, water flea: >100 mg/L 48h static (daphnia magna) EC50, algae: >100 mg/L 72h static (desmodesmus subspicatus)(green algae) EC50, bacteria: >1000 mg/L 3h static (activated sludge)

Persistence and degradability: Persistence is unlikely based on information available. Bio-accumulative potential: Not available.

Mobility in Soil: Will likely be mobile in the environment due to its water solubility.

Section 13 - Disposal Considerations

**DISPOSAL:** Dispose of in accordance with all federal, state, and local regulations.

Section 14 – Transport Information

**DOT** Non-Regulated

Section 15 - Regulatory Information

### Canada Regulatory Information

WHMIS Classification: This product has been classified in accordance with the hazard criteria of the CPR, and the SDS contains all the information required by the CPR.

Section 16 - Additional Information

#### **SDS Creation Date:** 2-15-19 **Revision #1.** 4-14-23
